WHO WE ARE

Kimray is a global solutions partner in the energy industry. We help producers maximize the value of their production sites by providing effective control products, project consultation, field service, and comprehensive training with a focus on sustainability. With a mission to make a difference in the lives of those we serve, our focus is not on short-term profits but on long-term growth for our partners, team members, and the communities in which we serve. Based in Oklahoma City, Oklahoma, USA, Kimray has been helping producers worldwide solve their biggest control challenges since 1948.
