

This product notice is to inform you that we have made the following key improvements to the **Kimray Mechanical Dump Valve** and **Treater Valve**. These key updates mean your valves will stand up better in harsh conditions while allowing you increased flexibility and faster repair.

Valves with these new components will begin shipping **after June 1, 2018**. Due to manufacturing timing, it is possible to receive product that contains some components from the pre-June launch date. The complete product transition should be complete by August 2018.

C2 – MECHANICAL DUMP VALVE

Mechanical Dump Valves will feature the following changes:

- One piece, stainless steel stuffing box
- Stainless steel trunnion plug
- Delrin cage*
- Delrin ratio plug
- Reversible one-piece seat with metal insert
- O-ring seals
- 2" and 3" valves

* Ductile cages available upon request.

D – TREATER VALVE

Treater Valves will feature the following changes:

- One piece, stainless steel stuffing box
- Stainless steel trunnion plug
- Delrin removable seat
- Reversible one-piece seat with metal insert
- Coated seat disc
- Stainless steel diaphragm bolt
- 2" and 3" valves
