

PRICING NOTICE

November 3, 2025

YAK2 I/P TRANSDUCER PRICE ADJUSTMENT

This notice is to inform you that due to increased import costs for components related to international tariffs, the YAK2 I/P Transducer will receive an increase of 10% beginning December 1, 2025.

If your project has already been quoted, we will honor that pricing until the quote's expiration whether or not it delivers after December 1.

New pricing will be effective immediately on all new orders placed that ship after December 1. Blanket orders will be adjusted if shipping after December 1.

Please contact us with any questions.
