

PRICE ADJUSTMENT ON VALVCON ACTUATORS

This notice is to inform you that the price of the Valvcon actuator and accessories will be increased, effective January 5, 2026.

Valmet Flow Control, manufacturer of the Valvcon actuator, has informed us that as a result of the tariff increases implemented by Executive Orders issued by the U.S. government in August 2025, they are experiencing higher costs across their supply chain.

The increases for the two top selling items are listed below:

- Valvcon Actuator (KSRADCWX) - 5% increase
- ATEX Valvcon Actuator (KSRADCWX600UBI1) - 13% increase

Please contact us for info on the adjustments to other products or if you have any questions.
